13+ Scholarships

2023–2024

13+ Scholarships 2023–2024

Please note that whilst 11+ is our main point of entry, we would like to recognise academic ability and talent in those girls entering Year 9 and as such we have a handful of Academic Scholarships available at this entry point.

Art, Music and Sport Scholarships

In addition to our Academic Scholarships, we offer 13+ Scholarships in Art, Music and Sport for entry in Year 9. These scholarships are open to prospective pupils only. See below for further details.

How much is a scholarship worth?

Most JAGS scholarships are worth £1,000 per annum, to be deducted from the school fees.

Music scholarships, however, may also involve an additional contribution towards individual music lessons.

The basic value of all scholarships is made clear in the original offer and this value will not subsequently be increased (excepting the contribution towards music lessons, which increases each year to align with the cost of current JAGS music lessons).

All scholarships will be continued until the holder leaves JAGS, subject to satisfactory progress and conduct.

How do I apply for a scholarship?

13+ Application Forms for our Art, Music and Sport Scholarships can be found via our website on the Scholarships page, or alternatively please click [here](#).

Before submitting an application for a scholarship, please be sure to submit a Registration Form prior to 31 October 2023.

You then have until 30 November 2023 to complete and submit a Scholarship Application Form.

All applicants are automatically eligible for consideration for an Academic Scholarship and no application is required.

Will my daughter be called automatically for an assessment?

13+ Art, Music and Sport Scholarship applicants who have performed sufficiently well in our entrance assessments will be considered for scholarship awards.

We carefully study all scholarship applications and select an appropriate number of candidates for assessment, based on their strengths and commitment, as demonstrated in their application form.

We will let all candidates know by late January if they have or have not been selected for assessment.

Please note that invitation to an Academic Scholarship interview is determined by performance in the entrance assessments.

Art Scholarships

Our art rooms are open daily at lunchtime for JAGS pupils to access teaching support and specialist materials to develop their work.

We provide opportunities for Art Scholars to display their projects around the school, and for their art to be included in school publications, programmes, and merchandise.

Our Art Scholars are invited to be involved in our school events including Open Mornings, Christmas concerts, and Founder's Day. This encourages cross-year collaboration and allows other artistically-minded students to provide inspiration.

Art Scholarships will be offered for competition (on a date to be confirmed) to those who have performed well in our entrance assessments and whom have been selected based on the quality of their digital sketchbook, which should be submitted by **Monday, 8 January 2024**.

Information on what to include and how to submit a digital sketchbook will be available to each candidate on application. We will let all candidates know by late January if they have or have not been selected for assessment.

Art Scholarships continue in the Sixth Form and are dependent upon a candidate's progress. An Art Scholar will be monitored carefully by her art teachers and the Head of Art. The Art Scholarship will be withdrawn if the scholar decides not to study GCSE Art in Year 10, or Advanced Level in Year 12. This also applies if she discontinues Art studies during her GCSE or A level course.

Music Scholarships

JAGS Music Scholars are encouraged to contribute to our rich musical life. They participate in choral, orchestral and chamber music activities, and their progress is monitored carefully by the Director of Music.

There are many exciting opportunities for our Music Scholars to perform at national and local musical events. These include a recital at Fleet Street's St Bride's Church, a concerto solo with the Symphony Orchestra in London, as well as our school Founder's Day and term-time concerts.

Music Scholars wishing to study GCSE or A level Music are expected to do so at JAGS, rather than privately or at Junior Music College (unless circumstances preclude this).

Music Scholarship Auditions for successful school entrance examination candidates will be held on **Thursday 25 January 2024**. References from an instrumental teacher(s) and a Head of Music (where relevant) are also required. An application may be rejected if these are not provided by this deadline.

Candidates will only be invited to audition if they have a firm grounding in their principal instrument (Grade 6 Level or equivalent ability). Credit may be given for proficiency on a second and possibly third instrument (including Voice) but this is optional. Evidence that a candidate has a lively and active interest in making music with others - possibly through choir and orchestras - will lend greater support to their application.

The audition is relaxed and informal. Candidates may present anything that they feel demonstrates the best of their musical abilities. The audition lasts approx 25 minutes and broadly consists of:

- ◆ Principal Instrument Performance
- ◆ Second instrument Performance (optional)
- ◆ Third instrument Performance (optional)
- ◆ Principal Instrument Sight Reading
- ◆ Musical Perception Tests
- ◆ Short Informal Interview

Each candidate is expected to bring her instrument(s) and music, including accompanist's music if needed. A candidate may also bring any recent composition work that she has written.

Sport Scholarships

JAGS Sports Scholars are encouraged to contribute to our energetic and dynamic sporting life. Regular participation in extra-curricular activities and commitment to the school's sports teams is expected. This will be monitored carefully by the Director of Sport.

Candidates should be able to demonstrate that they are currently competing in sporting activities at school, a club or at a representative level. Applications must be supported by a detailed reference from a current school and/or team coach.

All candidates will be assessed on their physical prowess in a variety of sports with a focus on fundamental skills. Scholarships will be offered to candidates demonstrating one of the following:

- ♦ strong physical skills and tactical awareness with an all-round ability across a range of sports
- ♦ exceptional talent in one specific sport
- ♦ raw potential across a range of sports

Assessments will take place in late January, early February, an exact date to be confirmed. Please note that invitations are issued on evidence of sporting talent and commitment; not all candidates who apply will be invited to attend.

Sport Scholars have regular mentor meetings with a designated member of the PE Department to discuss sporting and academic progress. We provide a tailored support plan that includes wellbeing, nutrition, sport psychology, mental strength, and physical conditioning.

Sport Scholars also have Athletic Development Training twice weekly with a member of staff from the PE Department, with a third session completed at home. This is in conjunction with visits to a High-Performance Lab twice yearly, where development is monitored by our specific JAGS athletic performance app.

James Allen's Girls' School

JAGS is rooted in academic excellence and fully committed to a holistic education both in and out of the classroom. To find out more about our dynamic school community visit
