

ACCESSIBILITY PLAN

[This policy applies to the whole school.](#)

1. Introduction

- 1.1 James Allen's Girls' School ("the School") strives to be a fully inclusive and welcoming school and therefore aims to ensure that each and every pupil can participate fully in the life of the School. The school is committed to providing an environment that enables full curriculum access, valuing and including all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.
- 1.2 The School is committed to meeting legislative requirements, providing access and nurturing a culture of inclusion, support and awareness. This document meets the requirements of Schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010. The Equality Act 2010 requires schools to make 'reasonable adjustments' for pupils with disabilities to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. The School's Whole School SEND Policy] sets out the School's policy on reasonable adjustments.
- 1.3 The School will not treat disabled pupils less favourably and will make reasonable adjustments to avoid putting disabled pupils at a disadvantage. The School has regard to the need to allocate adequate resources for the implementation of this Policy.
- 1.4 The School recognises that due to the age and layout of the school site and buildings, and the requirement to provide specialist equipment and facilities to support learning in certain subjects, some staff and pupils with significantly impaired mobility may not be able to access all the facilities. Where possible and practicable, and within reasonable financial considerations, the school's Accessibility Plan aims to address these issues. The accessibility plan also addresses access issues for disabled visitors.

2. Definition of disability and scope of the plan

- 2.1 A child or young person is disabled if they have a physical or mental impairment which has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities (as defined by the Equality Act 2010).
- 2.2 The School's Whole School SEND Policy outlines the School's provision for supporting pupils with special educational needs and disabilities, and how we ensure equal opportunities for all our pupils,

increased access to the curriculum, physical access to **the school and access to information** particular to students with SEND. This Accessibility Plan provides an outline of how the School will manage this aspect of the SEND provision.

2.3 The School's Accessibility Plan contains relevant and timely actions to:

- increase the extent to which disabled pupils can participate in the School's curriculum. This includes teaching and learning and the wider curriculum of the School such as participation in after-school clubs, leisure and cultural activities or school visits. It also includes entry into the school.
- improve the School's physical environment for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the School. This includes improvements to the physical environment of the school and physical aids to access education, and
- improve the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled. This will include planning approaches by which the School will make written information (e.g. handouts, timetables, textbooks and information about school events) more accessible to pupils with SEND. The delivery of such information should be within a reasonable time and in ways which are determined after taking into account the pupils' disabilities and any preferences expressed by them or their parents.

2.4 The School recognises and values parents' knowledge of their child's disability and its effect on their ability to carry out everyday activities; we also respect the parents and child's right to confidentiality.

2.5 The School is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. Please see our Safeguarding (Child Protection) Policy and Inclusion Policy.

2.6 The plan will be made available online on the school website.

3. Accessibility Plan

3.1 The school regularly reviews the School's policies, procedures and facilities as they are likely to affect pupils and prospective pupils who are disabled.

3.2 Opportunities to improve the accessibility of the School and its educational and co-curricular offerings are considered as part of building reviews and also during Masterplanning and major project design stages.

3.3 When reviewing and updating the accessibility plan the following policies are considered:

- Whole School Admissions
- Attendance

- Children with Health Needs Who Cannot Attend School
- Curriculum
- Educational and Welfare Provision for Pupils with EHCPs SEND and EAL
- Health & Safety
- Inclusion
- Teaching & Learning

3.4.1 **Awareness and Observance of the Policy**

- 3.4.1 Specific INSET is held on a regular basis, and this policy is placed within the staff handbook which is made available to all members of staff. Pupils' awareness is also raised during PSHCE lessons from time to time.
- 3.4.2 The R&C (Management) Committee regularly reviews the policy and updates the accessibility plan in line with legislation and ensures that planning and site developments take into account the needs of people with disabilities.
